

**PCM-8**

## Features

- Takes just 3-4 minutes to preheat
- Includes small plastic scoop and measuring spoons
- Great for state fairs, stadiums, and fundraising events
- Durable stainless steel frame and kettle
- Eye-catching red powder-coated top
- Crystal clear plastic panels and illuminating warmer light for maximum visibility
- Low-noise motor prevents disruption to your operation

## Electrical

<b>Voltage</b>	120V
<b>Wattage</b>	850W
<b>Plug Type</b>	NEMA 5-15P

## Dimensions

<b>Unit Dimensions</b>	15"W x 12 1/4"D x 24"H
<b>Kettle Capacity</b>	8 oz.

### 8 oz. Kettle

This 8 oz. stainless steel kettle heats quickly. Once cooking, the finished popcorn falls to the popper's warming deck, ready for service.

### 3-Switch Operation

Operation is quite simple, as there are just three switches to control the whole unit: Turn, Heat, and Warming.

### Stainless Steel Hinged Cover & Tray

The warming deck keeps your popcorn fresh until you're ready to serve, and the hinged cover makes scooping popcorn easy without opening the cabin doors.

### Additional Accessories

This cart features a large, 11" x 14 1/2" side shelf that's perfect for preparing ingredients, holding condiments, or merchandising bags and buckets of popcorn for quick sale at stadiums, fairs, and other events.
