

SOCIAL DISTANCING DIVIDERS

Channel's social distancing floor dividers offer a safe, functional and convenient solution for restaurants, offices and other crowded spaces, or where person-to-person interaction is necessary.

SDDF-3670

- Heliarc, all-welded, high tensile strength, extruded aluminum construction with U-Channel aluminum framing.
- Large, clear acrylic maximizes visibility and allows broad, open lines of sight.
- Ideal for social and safe distancing, or separation of people, tables, desks and spaces in restaurants, offices, etc.

- 36"W x 70"H, with 10" open space below divider.
- Two 16"L feet for stable and balanced positioning.
- Lightweight and durable for easy, quick and versatile installation.
- Space conscious "nesting" design for ease of storage.
- Easy to clean and maintain.
- Lifetime guarantee against rust.
