

KoldCube³ HYBRID INSULATED INDOOR/OUTDOOR COLD CABINET MODEL KC-UA-11

FEATURES AND BENEFITS:

- The industry's first mobile insulated refrigerated unit allowing you to transport and hold cold food safely indoors or out with or without a cord!
- Allows you the flexibility to use indoors with standard 120 Volt electric, then unplug and use outdoor cooling system, or connect to 12VDC system.
- No need for a generator with new cutting edge battery and solar power - hold up to 3-6 hours outdoors without a cord!
- Fully insulated 3/4 size holding cabinet keeps foods at proper cold holding temperatures.
- Eleven sets of locking transport angles accommodate a large variety of pan sizes on adjustable 1-1/2" centers. Provides capacity up to (22) 12 x 20 steam table pans.
- Heavy duty 8" all-terrain swivel casters, front two with brakes. Rear casters are fixed to provide mobility when fully loaded, and stability during transport even in tough outdoor conditions.
- Smooth interior coved corners prevent food particle/grease buildup.
- Constructed with sun reflective coating to shield the unit from sun rays, customize the unit by adding your own logo with a vinyl door graphic or door magnet!
- Complete your "Off The Grid" food holding and transport needs with the KoldCube³ and HotCube³ companion heavy duty all terrain cabinets.
- For model with high capacity battery (6-8 hours of hold time rather than standard 3-6 hours), use model number KC-UA-11H.

KC-UA-11
