

CHEF BLENDER

CHEF BLENDER

DESIGNED FOR CHEFS

Controls are simplified to save time and are ergonomically optimized for chefs. The start/stop and pulse function are combined into a single switch. Mindfully developed variable-speed controls give chefs added precision. Controls are inset and sealed on a twenty degree angled panel to avoid liquid ingress and for protection.

BEST IN CLASS

Industry leading, powerful 4.0 Horsepower input motor*, combined with a new sharper version of Blendtec's patented blunt blade technology, increases blending power reducing blend times and providing a smoother blend.

INTENTIONAL DESIGN

Developed to be cleaned easily, intuitive to use and durable. The design is very practical as a space saver on the counter and in storage. The unique square shape design is meant to be distinctive and ownable by Blendtec.

DIMENSIONS Base:
7.625" W x 7.625" D x 7.5" H
Full Kit with Tamper:
7.625" W x 7.625" D x 20.25" H

FUNCTIONS Start/Stop
Pulse
Variable Speed

MOTOR 4.0 Horsepower input motor*
120V, 1800-Watt, 15 Amps

*Motor peak input power as measured in laboratory testing, not the operational HP at the blade

WEIGHT Base: 8.25 lbs
Full Kit: 10.7 lbs

CERTIFICATIONS NSF, Intertek

BLUNT BLADE TECHNOLOGY
WITH AN EDGE
OPTIMIZED BLADE DESIGN

INCLUDES
