

Stainless Steel Steam Table & Food Pan Rack

- Ideal for transporting and storing a combination of third-, half-, and full-size food pans and steam table pans
- Durable stainless steel construction offers improved sturdiness and long-lasting performance.
- 2 channel wedges welded on each tier to maximize load capacity, with a spacing up to 3" between tiers
- Use pans within 3" of height to achieve optimal load capacity
- Locking bars equipped on both ends to help avoid pans from falling out
- Includes 4 swivel non-marking 4"-diameter casters with bumpers; 2 casters have brakes
- Ships flat; minimal assembly required
- Replacement casters are available for purchase.
