

Insulated Food Pan Carrier/ Transporter

C.A.C. Insulated Food Pan Carrier Series is ideal to hold and maintain food at proper temperatures for hours, no matter hot or cold, without consuming electricity or any energy. Designed with durable polyethylene exterior and polyurethane foam insulation, the food pan carriers are compatible with standard GN pans, making this series a convenient and efficient solution for central kitchens, bakeries, catering services, outdoor activities, deliveries, and more.

Insulated Food Pan Carrier/ Transporter

- Holds 1/1, 1/2, and 1/3 GN food pans
- Polyurethane foam insulation with airtight gaskets for excellent temperature retention
- Equipped with a vent cap to equalize the pressure inside with outside for easy opening
- Integrated non-slip handles for easy carrying, lifting, moving, and transporting
- Dolly with non-marking casters, built-on or sold separately, for convenient transporting
- Interlockable to meet versatile needs and spacing
- Stackable for easy storage
- NSF listed
- ICTP-2: ship by freight only; UPS small package not available

ICTP-1

Item	Description	UOM	Case
ICTP-1	1-Compartment Set	Set	1
ICTP-2	2-Compartment Set	Set	1
ICTP-IDS	Dolly with Strap for ICTP-1	Set	1
ICTP-2C	Caster for ICTP-2, 5"	Each	20
ICTP-2CB	Brake Caster for ICTP-2, 5"	Each	20

Stackable Design

2 ICTP-1 stack with ICTP-IDS
