

- Compact automatic slicer designed for repeatable slicing requiring limited attendance, maximizing the productivity
  of kitchen labor
- Special end weight and adjustable vertical product fence to provide stability and dispense products evenly
- Carriage release system for manual operation
- Exclusive high-quality, rounded, no edges design, increased blade and machine body gap, easy breakdown for a
  fast and effective cleaning
- Inner blade cover ensures a perfectly aligned cut. No waste when cutting same product at different times.
- Zero blade exposure due to a permanent blade rim guard, a safety hand guard mounted to the carriage and a carriage lockout to prevent exposed blade edge
- No voltage release prevents inadvertent reactivation after a power outage.

## **Features**

### Technical:

- The sharpener assembly is made entirely from aluminum, no plastic presence that may break with heavy use.
- The tie rod assembly and all external screws are made of stainless steel for longer life.
- The slide shaft is made of ground, chromed steel for a smoother operation.
- The high-quality bushings and ball bearings are self-lubricating.
- The dial thickness control cam system allows for an always precise cut.

#### Safety:

- A safety cover is placed under the motor and the electrical components.
- The hopper features an exclusive heavy duty plastic protection to keep operator's hand at a safe distance from the blade while operating the slicer.
- A permanently-mounted knife ring guard covers the non- cutting side of the blade.
- Overcurrent and no volt release protection

# Sanitary:

- Easy to clean aluminum alloy construction does not crack or stain.
- The screws are stainless steel and resist wear and oxidation.
- The carriage and the center plate are quickly removable without tools.

# Specifications

**Operation:** Gravity feed

**Construction:** Polished, anodized aluminum alloy.

Knife: One piece, chromium plated 100Cr6 forged carbon steel blade

**Sharpener:** Built-in, removable two stone dual action.

Slice thickness: Infinitely variable up to 1/2" Motor: 0.5 Hp (375W), belt-driven, fan cooled.

Electrical: 120V AC, 60Hz, 4A

Plug & Cord: Attached, flexible, 3 wire SJTO AWG 18, 6'4" long.

NEMA 5-15 P

Blade controls: ON/OFF s/steel keypad. IP 67 waterproof. No voltage release ON/OFF s/steel keypad. IP 67 waterproof. No voltage release
