

VACMASTER® SV1

The **VACMASTER® SV1** Immersion Circulator is one of the most efficient and reliable instruments for sous vide cooking. The SV1 quickly achieves and effectively maintains water temperature for precise cooking every time. By using a pump to create circulation, the machine provides consistent cooking temperatures resulting in uniform doneness, perfect texture and superior flavor. The SV1 offers a space-saving, stainless steel design and easy-to-use controls. The SV1 will revolutionize your kitchen with one of the most progressive trends in modern cuisine.
