PIZZA PREP TABLE
HKN-PZ71R2D

Item #: _HKN-PZ71R2D/US_ **Project:** _____

Qty: _____ **Date:** _____ **Approval:** _____

Features

✅ These units offer ample space for organized storage solutions.

✅ Energy-efficient refrigeration systems ensure optimal performance and reduced costs.

✅ Built with durable materials, these appliances are designed for longevity.

✅ Easy-to-use controls and interfaces make operation seamless and convenient.

Technical Data

Width	70 7/8 Inches
Depth	34 6/8 Inches
Height	42 2/8 Inches
Power Cord Length	118 Inches
Interior Width	49 Inches
Right Door Opening Width	26 3/8 Inches
Interior Depth	27 6/8 Inches
Interior Height	26 4/8 Inches
Work Surface Height	36 4/8 Inches
Amps	5.8 Amps

Notes & Details

The Pizza Prep Table with Solid Door is designed for high-demand kitchen environments, combining functionality with a sleek, durable build. Featuring a robust stainless steel interior and exterior, this unit is crafted to withstand the rigors of daily use while maintaining a professional appearance. The reversible doors add flexibility in kitchen setups, and their self-closing mechanism (when opened less than 90°) helps conserve energy by keeping cold air inside.

Ease of maintenance is a priority: the inner box has smooth, curved edges that make cleaning simple and quick. Additionally, the magnetic sealing strip effectively retains cold air and can be removed without any tools, ensuring easy upkeep. For added security, each door includes a lock and key, while the handle is customizable to fit specific aesthetic or ergonomic preferences.

The digital thermostat, made by top Italian brands like Dixell, Carel, or Eliwell, ensures precise temperature control, crucial for keeping ingredients fresh. Powered by a high-quality Embraco compressor, this table provides reliable performance with optimal cooling efficiency.

Optional Upgrades: For even more customization, consider upgrading to German EBM fans, an automatic defrost system, and adjustable feet or lockable casters, enhancing both flexibility and performance.

ETL Sanitation

This product has been certified by ETL, a division of the Intertek Group, to meet applicable sanitation standards required for use in the United States and Canada.

5-15P

This unit comes with a NEMA 5-15P plug
