

Model: IcePro DIS
For Ice/Water Dispensers

WATER TREATMENT FOR ICE DISPENSERS

The IcePro provides superior water filtration as well as Citryne®, and proprietary water treatment technology proven to control scale problems in Water/Ice Dispensers.

The IcePro introduces an FDA approved special treatment blend at a constant rate to maximize scale elimination, followed by carbon filtration to improve the taste of the drinking water that is dispensed from your ice dispenser. Making your ice clear and your water taster great all while protecting the ice machine from mechanical issues caused by scale build up!

BENEFITS SPECIFICATIONS

- Controls scale forming water before entering an ice maker
- Provides continuous ice production
- 2nd stage carbon filtration to make drinking water taste great
- Built in multi-stage filtration to prevent premature clogging
- Connects to any 3/8" cold water line
- Easy cartridge change-out
