12" ECONOMY SLICER

Dual Action Knife Sharpener:

Stones edge swings clear of blade when not in use. Stones return automatically to exact original position for repeated precision sharpening. Pressure of the stones against the blade is regulated by simple finger pressure. Grinding and Honing stone can be used independently or simultaneously.

Knife & Knife Motor:

The solid blade with a hollow ground and high angle non-smear bevel is made from the finest stainless steel alloy obtainable with stain resistant finish. Knife rotates on dual bearing hub for smooth even slicing. Detachable for easy servicing.

Feed Chute:

Ribbed non-smear set at a 30 degree angle.

Sanitary Features:

Streamlined design, rounded corners plus quick disassembling without tools make thorough cleaning practical and easy.
